ON ITEM ONE OF THE AGENDA:

Management Report of First Investment Bank AD for 2021

Mr. Nikola Bakalov noted that the activity reports of the Bank for the past 2021 on consolidated and unconsolidated basis had been made available to all shareholders; the reports were part of the written materials for the meeting, and all attendees have had the opportunity to review them in advance. He noted

that this year's report was part of the single electronic reporting format prepared in accordance with Commission Delegated Regulation (EU) 2019/815, applicable to disclosure of reports by public companies and issuers of securities, and that the activity report, together with the Annual Financial Report, the audit report and the accompanying documents, were prepared as a single document in XHTML format. He indicated the dates on which they were presented to the Financial Supervision Commission, the Bulgarian Stock Exchange and the general public through the X3News electronic information disclosure system. He explained that for the next annual general meeting it is considered that the activity report and the audited annual financial report (individual and consolidated) are included as one item on the agenda rather than as separate items, given that they are prepared and disclosed in the required single format, i.e. there should be no legal obstacle that their approval is made under the same item on the agenda.

Then Mr. Bakalov gave the floor to Mr. Yanko Karakolev who, in a brief presentation prepared by the Management Board, presented to attending shareholders the financial results of the Bank for the past 2021 on a consolidated basis. The 2021 results showed an increase in the Bank's total assets by 5% to BGN 11.9 billion, compared to BGN 11.3 billion a year earlier, thus affirming its position among leading banks in Bulgaria. Mr. Karakolev pointed out that such results reflected the development in the Bank's lending services, the new and innovative products offered, the improved efficiency and the increase in borrowings. He noted that in 2021 the Bank reported financial growth and sustainable development in the context of an ongoing COVID-19 pandemic. Profit after tax increased to BGN 111.4 million compared to BGN 45.5 million a year earlier, due to higher operating income and optimized administrative costs. An increase was reported in both total operating income, which reached BGN 435 million (2020: BGN 373.7 million), and across all key income sources. Return on equity (after tax) reached 8.85%. At the height of the fifth COVID-19 wave, the Bank successfully issued hybrid debt, placing a EUR 30 million bond issue at the rate of 8%. Mr. Karakolev also noted that the Bank maintained stable capital and liquidity positions, significantly above the regulatory requirements.

ON ITEM ELEVEN OF THE AGENDA:

Adoption of changes to the Articles of Association of First Investment Bank AD

Mr. Bakalov presented to the attending shareholders the draft resolution to amend the Articles of Association, extending the term under Art. 17, para 5 of the Articles of Association, according to which for 5 (five) years from the registration of the amendment to the Articles of Association, the Management Board, with the approval of the Supervisory Board, is authorized to decide on increasing the Bank's capital up to a total nominal amount of BGN 210,000,000 (two hundred and ten million leva) by issuing new shares. The Management Board also has the right, with the approval of the Supervisory Board, to determine and decide on all terms and conditions for such capital increase, as well as to perform all necessary legal and factual actions in connection with its lawful implementation, including to determine the issue price of shares, to select an investment firm, and to register the change in the amount of capital and the number of shares in the Articles of Association in compliance with the provisions of the applicable legislation.

To the question received from a shareholder about the proposed extension, Mr. Bakalov replied that delegation of such rights would give the Bank's Management Board flexibility, if necessary, to take decisions under the control of the Supervisory Board, without convening a General Meeting of Shareholders. Mr. Bakalov also gave comprehensive answer to a question asked by another shareholder as to why the amount of BGN 210,000,000 was set.
